

A. S. Hitchcock - 1919 - Book I.

A. S. Hitchcock

Book I.

16294-16859

(W I) British Guiana

16294-16525 W I

16526 begins B.G.

Guiana

1919

Book I

1919 - 1

British Guiana

begins with

no 16526

A. J. Wilchcock

St Thomas, W.I., Oct. 11, 1919

16294 Cerithium nudis Spr.

A weed along wharf - rare

Boats collected on a trip to
British Guiana. The steamer stopped
for a few hours at several places
from St Thomas to Barbados - usually
5 hours. Spent collecting (2 hours at
St Lucia). Mostly only cosmopolitan weeds.

16295 Cerithium ciliatum L.
Weed - common

16296 Gacetylenium asplodes
Weed - frequent (L. Richt)

16297 Dracopis alvaris (L.) Link

Wet near water front
not common

16298 Panicum maximum Jacq.
Escaped - common

16299 Valata insularis (L.) Chase

Wet - frequent
Called "long grass"

16300 Syntherisma digitata (Spreng.) Hitchc.
Wet in fields - frequent

16301 Echinochloa polystachya (L.) Link
Wet along ditches & in
damp fields

16302 Eragrostis pilosa (L.) Beauv.
In water of small pool - also
along ditches.

16303

Chaetochloa setosa (Sw.) Scribn.
 Bony hillside

16304

Syntherisma sanguinalis (L.) Dulac
 Weed in fields.

16305

Panicum fasciculatum Sw.
 Weed - infrequent

16306

Paspalum conjugatum ^{Burg.}
 Weed in damp places - common.

16307

Oplismenus setaceus (Lam.) R. & S. ¹⁶³⁰¹
 Shady place - slow.

16308

Axonopus compressus (Sw.) Beauv.
 Moist grassland especially
 in somewhat shady places.

16309 Lasiacis divaricata (L.) Hitchc.
Along road in the hills among
shrubs.

16310 Eriopogon tiprosae Schult
along ditches

16311 Stenandrium secundatum (Walt.) Ktze.
Grassy banks, long runners

16312 Chaetochloa villosa (Sw.) Scribn.
Among brush - a more open-
panicked form than 16303

16313 Paspalum ^{glabrum} capillatum Pair
Rocky place

16314 Sporobolus indicus (L.) R. Br.
Grassland - very common

16315 Panicum adspersum Trin.
Open ground & fields frequent
Panicles dark

16316 Panicum adspersum Trin
Savanna 3/5 but panicles
green - the common form
the spikes are darker green

16317 Andropogon inermis
Grass land occasional
but not common like it is
on St. Croix

16318 Sporobolus vaginatus (L.) Kunth
Flats, sand & mud along
seashore, the common small
panicled grass

(L.) Kunth
16319 Sporobolus vaginatus
ditto, a large panicled form

St. Croix
16320 Chloris pycnantha
Weed along street very common

St. Croix - Oct. 12, 1919
Went to south of town, then inland to top of highest
hill east of town, back somewhat to northward.

16321 Andropogon inermis
Grassland on hill among shrubs & trees.

16322 Smut on Andropogon
(intermedius?). Hill east of town.
R

16323 Paspalum secans H. & C.
Rather common along ditches in
the lower land.

16324 Sporobolus indicus (L.) R. Br.
Common in grassland

16325 Eragrostis pilosa (L.) Beauv.
Along ditches, occasional

16326 Paspalum distichum L.
Ditches near sea

16327 Axonopus compressus (Sw.) Beauv.
Common in moist grassland
edges of woods, and moist banks

16328 ~~Andropogon~~ Leptochloa virgata (L.) Beauv.
Open ground or among shrubs
Occasional.

16329 Chloris radiata (L.) Sw.
A common weed along
streets.

16330 Andropogon portensis
(probably van peromontanus) (Pav.) Nees
Very common on the grasslands
south of town. Here there are
large areas of open pasture
consisting mostly of this species.

(L.) Dulac.
16331 Syntherisma sanguinalis
Weed in cultivated fields.

16332 Dactyloctenium aegyptium (L.) Richt.
Weed along roadsides & in fields,
not very common.

16333 Paspalum fimbriatum (L.) H. B. K.
A rather common roadside
weed.

16334

Panicum adspersum Trinc
Mud in cult, soil. infrequent

16335

Anchuris scabrata L.
A weed in cult. each. not
common

16336

Populium glaberrima Poir.
Rock piles, mostly among
boulders. Infrequent

16337

Chloris ~~peruviana~~ ^{Steud.}
A common weed along streets

16338

Chloris ~~peruviana~~ ^{Sw.}
A street weed. Frequent but not
as common as Chloris peruviana

16339

Populium ~~glaberrima~~ ^{Sw. My.}
Wet places, frequent
in the hills

16340 Echinochloa colona (L.) Link
A weed in fields in damp soil
and along ditches - Infrequent

16341 Paspalum conjugatum Berg.
A common weed along
streets in fields and everywhere
in open damp places

16342 Panicum barbinode Trin.
Frequently escaped from
cult. along ditches in
damp places

16343 Pipta insularis (L.) Chase
Long grass - Common in marsh
land

16344. Panicum maximum Jacq.
Common in farmland marshland
and among brush but not
on the open savannas.

16345 Chaetochloa geniculata (Lam.) Millsp. & Chase
Among stumps in the hills, infrequent

16346

Panicum reptans L.
A weed in cult. fields. Infrequent

16347

Stenotaphrum secundatum
(Walt.) Ktze
Grassy banks. Infrequent

16348

Syntherisma diffusa (Sw.)
Weed in fields - frequent Hitchc.

St. Kitts, Dec. 13.
Road to m. e. to a sugar plantation and up the side hill
(mount) to the native forest & in this for 1/2 mile.

16349

Pennisetum setosum (Sw.) Rich.
Side of clay slope on higher land
Frequent in the hills below the forest

16350

Paspalum conjugatum Berg.
Frequent in moist soil. Cultured
some years

16351

Paspalum ^{Lam.} montanum
Lamp woods in the native forest

16352 Panicum barbinode Trin
Frequent in damp brushy soil

16353 Lasiacis sorghoides (Torr.) ^{H. & C.}
Among brush along trail in the
hills - slough

16354 Lasiacis divaricata (L.) Hitchc
Along trail in the hills - slough

16355 Eleusine indica (Lam.) Gaum. & Schult
~~Setaria~~
Damp forest in original woods.

16356 Andropogon bicornis L.
Open grass level on slopes in
the hills.

16357 Alysicarpus latifolius L.
Edge of woods in the hills - slough

1 16358 Chloris radiata (L.) Sw.
Common street weed.

1 16359 Sporobolus berteroanus (Trin.) H. & C.
Common on ground.

1 16360 Holcus halepensis L.
Along trail in hills - rare

(Halt.) B. S. P.
16361 Andropogon glomeratus
Grassland in the hills.

16362 Pennisetum insulari (L.) Chase
A weed in waste land.

16363 Syntherisma digitata
Weed in cultivated soil. (Sw.) Hitchc.

16364 Syntherisma sanguinale (L.) Dulac
Mud in ~~field~~ ^{soil}

16365 Paspalum conjugatum Berg.
Mud in ~~drain~~ ^{soil} - common

16366 Cenchrus ciliaris L.
Mud in ~~cult~~ ^{soil} and waste
places, infrequent.

16367 Dactyloctenium
~~Reppblum~~
(L.) Richt
Mud along ~~drains~~ ^{streets} - frequent

16368 Eragrostis ~~teptura~~ Schult.
Along ~~ditches~~ ^{streets} - infrequent

16369 Chloris ~~paraguanensis~~ Steud.
A ~~street~~ ^{soil} mud, common

16370 Eragrostis ciliaris (L.) Link
Stems mostly prostrate near
sea - frequent

16371 Stenotaphrum
semudatum
(Walt.) Ktze.
Grassy banks - infrequent

Antigua - Oct 14.
Went south + east to a sugar plantation

16372 Paspalum vagatum L.
Open ground especially in moist
places

16373 Cenchrus ciliaris L.
Moist in moist places

16374 Panicum barbatode ^{Trine}
Along ditches and hills
in moist soil.

16375 Paspalum ^{arundinaceum} ~~securum~~ ^{H.B.K.}
Along ditches in open ground.

16376 Sporobolus virginicus (L.) Kth.
Along shore in muddy soil.

16377 Chaetochloa furcata (Lam.)
open ground in hills Millsp. & Chase

16378 Paspalum laxum Pair.
Rocky soil

16379 Panicum acsperum Trin.
Mud in cult. soil

16380 $\frac{1}{2}$ Sporobolus indicus (Linn.)
H. & C.

16380 Sporobolus ^{poiretii} heteroanrus
(Linn.) H. & C.

16381 Chaetochloa barbata
moist cult. soil (Lam.) H. & C.

16382 Panicum fluitans Lour.
Grass along road side
near ditches.

16383 Paspalum vaginatum Sw.

16384 Echinochloa colona (L.) Link
Wet in moist soil

16385 Panicum reptans L.
Wet in cold soil

16386 Paspalum fibratum
Wet along roadside H.O.K.

16387 Echinochloa pruri (L.)
Wet in moist soil

16388

Syntherisma sanguinalis (L.) Dulac
Wet & all soil.

16389

Leptochloa viridis (Desaur.)
Wet moss soil

16390

Impatiens longifolia Berg.
Wet in forest soil

16391

Chloris paniculata (L.) Sw.
Street weed

16392

Chloris villosa Sw.
Street weed

16393

Chloris parryana Steud.
Wet in forest soil

16394 Chloris polystachya (L.) Sw.
Common in waste places and
in grass & brushland (only isolated
where common)

16395 Valota menziesii (L.) Chase
Waste land.

16396 Eragrostis pilosa (L.) Beauv.
Along ditches

16397 Paspalum distachne L.
Ditches near sea

Guadeloupe Oct. 15, 1919.
Took road to north built through swamps
toward hills to west.

16398 Chaetochloa gymnosperma
Brush along road (Lam.) Millsp. & Chase

16399 Chaetochloa barbata (Lam.)
Weed on moist open ground ^{Wittke & Chase}

16400

Eriochloa subglabra (Nash) Hitchc
~~Permanum barbinervis~~
 Along ditches

16401

Paspalum virgatum L.
 Along ditches

16402

Hydrocharis
amplexicaulis (Rudge) Nees
 In water of swamp.

16403

Paspalum paniculatum L.
 Weed along road infrequent

16404

Sporobolus dielsii (L.) R. & S.
 Grass, cultivated & roadside - common

16405

Peristichia gymnostachya
 In ditch. Fork

16406 Chloris radiata (L.) Sw.
Weed along road

16407 Amathurum granulosum (L.) H. & C.
Along road. Escaped from
cultivation - or possibly planted.

16408 Paspalum secans H. & C.
Among brush along road.
Erect ^{at base} but branched above and
more or less leaning. Panicles
all slender and narrow. I don't
think this is the same as the Caribbean
plant collected by me.

~~St. J.~~ This note
goes with
16418

16409 Paspalum vaginatum Sw.
In water of swamp.

16410 Paspalum fimbriatum H. B. K.
Weed along roadside

16411 Paspalum millspaughii Schrad.
Along road through swamp.

16412

Echinochloa pyramidalis (Lam.) Hitchc. & Chase

Common in swamp (brackish) along road. Eret mostly 2-3 meters. Perennial, erect, branches ascending or spreading, short & thick, rarely more slender & drooping (the lower).

Set

16413

Andropogon carolinensis L.

Grass land in open ground along swamp.

Set

16414

Eragrostis prolixa (Sw.) Steud.

In ditch along road through brackish swamp.

Aroid
Swamp. Stem upright, 8-10 ft.
Fruit oblong, 4 in x 2 1/2 green

16530

Cassia
Shrub, up to 15 ft. stems slender.
Spec. shows fls + young lvs - fr + old lvs.
Fls yellow
Low ground in jungle near water.

16531

Cissus
Woody vine. Swampy jungle
juice black.

16532

Mayaca
In water of canal. In masses
submerged. The flowers greenish. pale
white or creamy white.

16533

Fern - Cratogeomys
In water of canal

16534

Cratogeomys
Shrub - up to 6 ft.
fruit yellow, pulp black, saccharine
young near water

16535

(Vikundae?)

Shrub up to 5 ft.
Fls white - in spikes like willows
young near water

16536

(Vikundae?)

Shrub, more or less climbing, or trailing
Fls white (drying yellow) or pale yellow
Low ground
Fruit yellowish green or purplish

16537

Luziola

In water of canal

16538

Wriesea

Epiphytic plant, growing in water of
canal or imbedded in mud near
water. Fls. yellow

16539

Wriesea

Shorts, bushy, submersed in water
of canal or imbedded
in mud. Fls. yellow

16540

Sagittaria

Epiphytic, on surface of water of canal

16541

Eupatorium

Low ground in jungle, shrubby
up to 5 ft
Fls. lilac

16542

Lauraceae

Low ground in jungle. Shrub or
small tree 4 ft to 25 ft.
Fls. black

16543

Cyperus

Grows in clumps along canal
White flowers, turning light brown in fr.

16544

Cabomba

In water of canal
Dissipated leaves floating submerged
a few oval leaves entire, floating on surface
at end of shoot.
Fls. yellow

16545

(Sapotaceae?)

Small tree - up to 25 ft.
Fls. creamy white
Low ground of jungle

16546

Cassia

Shrub - stem slender - no - 15 ft., white
Fls yellow - odorless
Low ground of jungle

Thysanotus?
Back of beach. Tree 30 ft.

16563

Paspalum distichum
Mud along ditch

ST

16564

Asclepias
On Sesuvium
Sece back back of Sp. ps. cop.
fls white

16565

Ariceum?
Muddy ground back of beach
This one isolated bush 10 ft
high. After forming masses - a
magnificent - producing large
numbers of erect air roots from
ground.

16566

Batis
Muddy ground back of beach
stopping as much as 2 ft
high

16567

Sesuvium
Prostrate fleshy herb.
fls pink
Muddy soil back of beach

16568 Malvae (Dialiumaceae?)
Suffrutescent, up to 5 ft
apparently annual
thickened base of branch
fls yellow

16569 Scrophs
Succulent large branches - stems
erect

16570 Scrophs
Along sea wall among the
stones

16571 Iponomea peruviana
Succulent shrub - trailing
for long distances, some stems
upright as much as 2 ft. Fls
pink

16572 Keteleeria cuneata
Succulent, prostrate branches
fls white

16573 Coreopsis
Fls on true back of branch
fls white

16574

Brickellia

Moist open ground. Annual

Euphorbia
Prostrate along street

Nov 10 - Along train - towards Peter's Hall
Georgetown

16689

Shrub - Low ground - 3 ft

16690

Iponomea

In water of canal. stems
rooting floating in water. lvs & fls
emersed.

16691

Panicum polygonatum

grows
low ground along ditch
much *Panicum polyanthum* & *P. oxan.*

^{Demerara R}
Santo Vred - in Hoop (across)
~~river~~ ^{stopflowing}

16692

Legume

Herbaceous vine + high climbing
fls white - called Bonny-bis
planted + escaped

16693

Cyperus

Along water ditch - lvs
below - much after only bracts
4-left

16694

Legume - very milky

small tree - along brickwork
fls bluish.

648

16695 *Echinoclelea polytricha*
In water in pond. Stem
long decumbent & rooting in
water. 3-6 ft above water

16696 *Typha*
Water of pond for 1/2 shrub
5-6 ft

16697 *Amaranthus spinosus*
Weed along by track 3 ft
annual

16698 *Canadensis*
Herbaceous high climbing
vine - near pond - fls pinkish
lavender

16699 *Spigelia?*
Weed along by track

16700 *Baccharis?*
Weed along by track

16701 *Stillingia?* 1
weed along R track
strongly hairy

16702 *Cyperus*
mossy low ground

16703 *Rhynchospora*
sandy soil along R track

16704 *Sty. Legume* 10830
Prostrate, fls blue-iridescent

16705 *Cassia* 10831
open warm land - R.
fls yellow

16706 *Bignoniaceae?* 10832
Shrub - lvs & branches
more or less hairy, 3 to 4 ft
fls + tube white, limb pink within
tidal flats among mangroves
upper leaves (not inflorescence) with
indents

16707 Mallow
Tidal flats among mangrove
shrub - 6 ft. fls pale yellow

16708
Shrub 3-6 ft. sprawling
tidal flats - fls green

16709 Mikania?
Climbing over shrubs - tidal flats
fls white

16710 *Cajanus indicus*
Escaped from cultivation
in waste land - 8 ft

16711 *Hyptis*
Waste land along Ry
4 ft.

16712 *Leonurus*?
Waste land along Ry

16713 *Apocynae*
Tidal flats - clump - the ground
somewhat rising - fls blue
2-5 ft

16714 *Compositae*
Dried along Py track - fls red

16715 *Cassia*
Shrub on tidal flats
3-5 ft, fls yellow

16716 *Convolvulus* SETOL
Low ground near sea - fls
yellow

16717 *Cassia (occidentalis)*
Ward in wash land along
Py - 2 ft, fls yellow

16718 *Salicornia?*
Herbaceous on - growing on herbs
and prostrate trailing - fls yellow

16719

Bidens
Wetland along Ry track

16720

Desmodium
Wet along Ry track

16721

Spartina
Tidal flat, covered (at low tide) or
high tide, bare at low tide
Ditch, 1-2 ft

Set

Nov. 11.

Georgetown

16722

Capriola dactylon
Grassland - Bot garden

Set

16723

Sporobolus
Grassland at Govt Lab.

Nov 12 - all low ground - a ditch with water on both
sides of track
Along Bay 3-4 1/2 miles west of Vineden-
Hoop.

16724

Rudrop. bicorne

16725

Legume

Large shrub - up to 20 ft - fls white
 Low ground, partial shade
 tend to soil for twining
 Branches usually horizontal
 the racemes drooping upward.

16726

Convolvulus

Climbing over bushes - low
 ground - fls white

16727

Convolvulus

Climbing over bushes - fls white

16728

Legume - *Acacia*?

Shrub 2-3 ft - fls yellow
 Pod transverse, rounded

16729

Legume - *Spinosus*

Shrub 2-3 ft. fls - buds yellow

16730

Phacelia

Climbing over bushes - fls white
 + lower yellow

16731 *Solanum*

Fls. pale blue -

thin, green with a few
mosses in fruit

16732 *Euphorbia* - *Stellaria*?

4 ft. - growing in water. leaves are
flaring (apparently) - lower part of
stem spongy - seems to be annual

16733 *Bombacina*?

climber with many late shrubs

16734

Malvaceae?

much - suffrutescent - 3 ft.
open ground along track

16735

Cyperus

16736

Sporobolus

Climbing over shrubs - fls. pink-
purple

16737 *Melastoma*
Climbing over bushes - fls yellow

16738 *Spocynae*
Climbing in tree (Euphorbia)
in fruit only

16739 *Euphorbia*
Tree 30 ft. Flowers salmon-red,
on special branches in the top of the
tree - the branch bearing usually
several of the clusters, showing in
the specimen - Branch whitish
woody bracte.

16740 *Hymenocallis* creepy
caulic - along ditch - in or near
the water, culms branching
sometimes bearing small spikes
at ends of branches

Some of the panicles appear
to be 1/2 in. or more long
narrower compressed
panicles are in the same
patch.

Nov. 13 -
16741 *Cucumis* *serotinus*
along banks of Georgetown.

Nov. 14. *Parikae* *low ground*
18 miles west of Georgetown
along R. track.

16742
Fruit - annual - 2 ft
Open ground

16743

Urtica
2-3 ft - open ground

16744

Rhynchospora
moist meadow

16745

Scoparia
Near along creek. Annual

16746

Legumin.
Herbaceous vine climbing
on Androp. becomes a moist
meadow. Fls blue

16747

Solanum
Along creek 3 ft

16748

Rhynchospora?
moist meadow

16749 *Sisyrinchium*
Weed along creek - annual
1-2 ft

16750 *Mint* (sp. name?)
Weed along creek - 2-3 ft

16751 *Elephantopus*?
Moist meadows

16752 *Euphorbia*
Weed along creek, annual
1-2 ft

16753 *Molue*?
Weed along creek

16754 *Asclep*
In bog (open)

16755 *Cyperus*
along open bog.

16756 *Pipturus*
open bog.

16757 *Vapora lapa*
moist low ground among
shrubs.

set

16758 *Panicum fixum*
along open bog. H.B.K.

set

16759 *Gynura sagittalis*
Low ground near sea
25 ft tall

set

16760 *Andropogon bicornis*
moist meadow

set

(Nov. 15 - Mahanoe) on the coast
about 20 miles
east of Georgetown

16761 Wild cherry
Tree 40 ft - Low ground
fruit oval, black

16762 Sapindae
Shrub 8 ft - Low ground
fls red

16763 Mallow
Suffrutescent - 4 ft fls red
Low ground near sea

16764 Drosera?
Mud in sandy field.
sl 750

16765 Composit
along canal

16766 Heliconia 3 ft
Canal in water, common
in canals & elsewhere

16767

Passiflora
Climbing on shrubs near canal

16768

Palota irregularis
In field near canal - rare

16769

Merrillia
Climbing on shrubs near canal

16770

Ipomoea
Climbing on shrubs near canal - fruit only

16771

Amaranthus
Weed in field. 4 ft

16772

Amaranthus
Somewhat woody vine near canal

16767

Passiflora
Climbing on shrubs near canal

16768

Palola hispidum
In field near canal - rare

16769

Mimosa pudica?
Climbing on shrubs near
canal

16770

Sporobolus
Climbing on shrubs near
canal - fruit only

16771

Amaranthus
Weed in field. 4 ft

16772

Amaranthus
Somewhat woody vine
near canal

16773 Mint
Ward field, 2 ft

16774 Euphorbia
Mud in Banana patch

16775 Lantana
Along canal - somewhat
shrubby - 2-4 ft fls pink

16776
Shrub 1 ft - along canal
fls red

16777 Cassia 4 winged
Shrub 3-5 ft - fls yellow
Low pond along canal

16778
Along canal - 2 ft - fls white

16779 *Cucurbit*
Climbing - along canal
frequent - usually in morning
of hours - fls yellow

16780 *Malvace*
Weed along canal

16781 *Paspalum*
along canal close to water

3

16782 *Mimosa*
Flowering on bank of canal
root spongy - fls yellow

16783 *Scroph*
along canal 4-6 ft - fls pink
herb white with pink speck

16784
tree - 30 ft. along canal
fls only

16785 *Osclepe*
Along canal - shrub 15 ft.
tendrils, diam fls blue
or pale purple

16786 *Solanum*
Weed along road
fls white - br orange

16787 *Baccharis*
Along road

16788 *Euphorbia (fotrophia?)*
Along road - fr dark red

16789 *Cucurbit*
climbing on weeds - along
road - fr yellow

(Nov. 17) 16790 *Euphorbia*
Tree along street - fr yellow

16791 *Echinocaulon polytachne*
In water of canal. Base
long - decumbent & rooting.
most of weed - in - Hoop

Set

16792 *Hemerocallis auriculata*
in water of canal. Erect
3 ft.

Set ^{in part}

(Nov 19) Parika, 18 miles west of Georgetown
16793 *Apoecynaceae - Hamamelis*
Shrub - somewhat viney
6 ft - Low round, fls yellow.

16794 *Sporobolus*
Savanna - fls pink

16795 *Panicum altissimum* H. & C.
Large bush, tufted at base.
10-12 ft, glaucous culms
stems. branching.

16796 Legume
Small tree shrub 4 ft
fls pink - low ground

16797 *Legume*
Woody vine - fls pink & white

16798 *Jussiaea*
Savanna - annual
fls yellow

16799 *Howlandia?*
Savanna - shrubby
in places

16800 *Panicum pilosum* Sw.
Savanna

16801 *Erinchon punctat.*
Savanna

16802 *Legume*
Shrub 10-15 ft fls pinkish

16803

Pods of 725

16804

Orchid
on bank above levels of
the main sea

16805

Legume
mossy vine
- 797

16806

Crinum?

Muddy slope near sea - fls
white? Thick bulbous base with
rhizomes - growing in colonies.

16807

Malvae
Mud along road - fls yellow
annual

16808

Vidal muddy flat. Shrubby
up to 12 inches. fls white

16809

Anatherum grandis
Along ditch in Perika

16810

Hypochaeris auriculata
Along ditch

16811

Aroid
Along ditch in savanna 3

16812

Paspalum
Sand near sea

16813

Sacciolepis striata

Savanna - Base long-decumbent
Herb. culms ascending 1-2 ft.
Perennial

Set

with short
rhizomes on sand
quite common

16814

Sacciolepis myosuroides
Savanna - herb. - annual

Set

16815

Imperata brasiliensis
Along by track in open ground.
In a poor colony - the small
bunches of culms scattered
rather thick - culms erect,
the sterile tillers very the sterile
much more succulent

Set

16816

Paspalum decursum
Savanna - large bunches
the bunches numerous.

Set

16817

Panicum ^{*errabundum* type}
~~*helobium* Mey.~~
Savanna - tangled at base
growing among inflorescences of *Paspalum*
lanceum

Set

Nov. 21 New Amsterdam - Road
South of town.

16818

Holcus sorghum (~~*setaria*~~)
Savanna (poor), poor plants - well
established. Annual, 2-8 ft.

Set

16819

Paspalum mollegracum
Along ditch, bunches of many culms.
Aspect of *P. nigricans* but blades more
like *Setaria*, more succulent, smaller, more
common, straight rather than drooping.

Set

16820

Cenchrus sp.
Wet places along roadside. Perennial
large bunches, culms decumbent at base
leaves broad & coarse, short flattened
in upper part from the keeled sheaths.

Set

16821 *Stenotaphrum secundatum*
Sandy places on edge of mangroves etc

Set

16822 *Hibiscus*
Tree 30 ft. among mangroves
fls yellow - fading reddish

16823 *Ficus* ?
Tree 30 ft. near mangroves by sea
fruit pink with red spots

16824 *Bignonia*
Vine on mangroves etc
fls yellow

16825 *Ambergris*
Vine among grass etc. Fl. white
with many black eye

16826 *Dracopis ciliaris*
Along track at Litchfield

16827

Gram.

Sitch field. Forming colonies some-
times large ones. Ranuncul. color
as much as 20 feet. Aspect of branches
dense. Some have a few panicles seen
at distance. Not branches nor panicles
may be Panicle all over. Panicles branches
4th branches drooping.

16828

Phacelia

Much in west place

16829

Amarantaceae

Much branched & large. West-
place

16830

Trifolium flavum

Brake - 2-6 ft. Along ditch.
Often large than this. Fls white

16831

Sporobolus virginicus

Blackish mudlow

16832

Leptochloa scabra

Along ditch

16833 *Chloris radiata*
Mushy places - grass along
roadside.
